To The Deputy Commissioner
Shimoga.

Sir, One Srikanta Sastry of Datta-
guppa, Nagar Taluk proposes to build
a temple in the midst of the village,
and establishing therein the three
"Davaroos" noted in the margin -
The petitioner Srikanta Sastry is the
Archakar Poojaree of the three temples,
and his main object in having the
temples in the village is to improve
the same, and obtain the Pooja
regularly performed - The first named
temple enjoys Jodi Inam land, assessed
at Rs 15/- (Jodi Rs 16-5-0) and the
Hanumantha Devaru temple has
a ready Money Inam of Annas 9 per
year - The last named is a private
temple, and the Poojaree, who is
the Jodidar of the whole village,
has assigned a small bit of his
Jodi land for the maintenance
of the temple —

Dasara Devaru 1 Annas
Hanumantha Devaru 9 Annas
Vankata Subbanna Devaru 1 Anna
The Grist Charge 3 Annas

2. I inspected these temples the other day with the Curnilvar and villagers. The Ramaswara temple which was a tile roofed building is completely in ruins, and the "Davaroo" is standing in an open place, that of Ramamanthra Davaroo, which is a thatched hut is equally in a bad state. Neither the Pujaris of Kallota nor those of Pattagappa have any objection to remove the Davaroos to the new place. On the contrary they wish it, as they have every confidence that Pooja &c will be properly performed in the new place —

3. The Poojaree proposes to build a Pukpa temple with stone walls, with sufficient elbow room for travellers to halt in it. The village of Pattagappa is on the Sagar Nagar high road and is a halting stage for travellers. In Malnad villages a place for travellers to halt is a great boon.

as all the parties concerned consider the arrangement beneficial for themselves as well as the travelling public I beg you will be good enough to obtain sanction of the Government in the Inam Department to remove the three Davasoms to the new place—

4. The temple of Venkatāramana Davasom is a small stone building about 4 feet square and is in a dilapidated condition. The Sastry proposes to rebuild the same in the new locality with the same stones. This is already stated a private temple, and the villagers have not the slightest objection to the arrangement. I therefore recommend that permission may also be granted to utilize the stones for the new building

pur - In front of this site the house

are no houses on either side
of it, and there is no objection
for building the Temple -

2. The Factory who proposes to

ficient
